

Pointivity Launches Global Relay Email Archiving for Partners

SAN DIEGO, CA. – February 19, 2009 – Pointivity, a leading application hosting and managed service provider offering enterprise level IT solutions to businesses and partners, today announced the availability of Global Relay email archiving and compliance solution as part of its private label hosted services program.

Pointivity partners will be able to offer Global Relay's secure, easy-to-use, email archiving, email continuity and email compliance solutions to customers that are subject to strict regulatory mandates such as Sarbanes-Oxley, SEC, FINRA, HIPAA, as well as proactively be 'litigation ready' in connection with the Federal Rules of Civil Procedure (FRCP).

"We're focused on our partner enablement initiatives by integrating valuable add-ons around the hosted Microsoft Exchange offering," said Kent Erickson, CEO of Pointivity. "Global Relay's turnkey archiving solutions enable us to deliver the best-of-class secure hosted Exchange package all on a pay-as-you-go model."

Delivered via Pointivity's cloud infrastructure PC2, Global Relay's Message Archiver captures and preserves communications such as email, BlackBerry, instant messages and attachments for rapid online search, retrieval and monitoring.

"We're excited to introduce our email archiving solution to Pointivity's partners," said Global Relay President & CEO, Warren Roy. "Together, we deliver a powerful SaaS archiving solution to address regulatory compliance, audit, eDiscovery and business continuity needs."
